

Netwoven Recognized as Charter Member of Microsoft Content Services Program

The Milpitas based company was selected for its proven success in high-impact scenarios and workloads, including knowledge management, migration, and workflow automation.

June 29, 2020 – Milpitas, CA – Netwoven Inc., a leader in implementation and migration services for Microsoft 365 and SharePoint has been appointed by Microsoft as a Charter Member of the Microsoft Content Services Partner Program.

Microsoft launched its Content Services platform with the aim of establishing a collaborative “anytime, anywhere” approach to today’s workplace by delivering a modern, end-to-end set of software and services that connect workplaces and enables intelligent content management.

According to the Redmond-headquartered company, the inclusion of [Netwoven as Microsoft Preferred Partner for FY2020](#) is aimed at accelerating customer success

with Microsoft Content Services. Netwoven, a Microsoft gold partner was identified for this program in successfully supporting the following workloads.

- **Knowledge Management:** Gathering, organizing, sharing, and analysing an organization's knowledge in terms of resources, documents, and people skills
- **Migration:** Moving systems from one operating environment to another leveraging Microsoft tools and platforms
- **Workflow:** Updating processes and workflows so they align with a desired future state

Netwoven **CEO Niraj Tenany** states "We are extremely excited to partner with Microsoft on its mission to redefine enterprise content management (ECM) which provides security, scalability, and compliance. Customers can benefit from our association with Microsoft and the core expertise we offer in delivering solutions that make the transformation of your content management approach practical and attainable."

About Netwoven

Netwoven enables intelligent enterprises by leveraging the Microsoft Clouds of Office 365, Dynamics 365, and Azure as a leading Microsoft Partner. Assisting customers with digital transformation and unlocking data insights are at the core of its value proposition. Netwoven is recognized as a global leader by both Microsoft and Gartner Group in helping organizations consolidate from platforms such as Jive, Slack, eRooms, G Suite & others into Office 365. Beyond services, Netwoven has also made its foray in the Office 365 governance space with its intuitive provisioning and governance product, [Govern 365](#).
