

# Netwoven Named Microsoft Content Services Preferred Partner During Ignite 2020

*The recognition puts Netwoven into an elite group of Preferred Partners who have been identified by Microsoft for their technical delivery track record and expertise in content services.*

**October 2, 2020 – Milpitas, CA** – Netwoven Inc., a leader in implementation and migration services for Microsoft 365, SharePoint, and other Microsoft cloud services, has been recognized as a Preferred Partner for the Microsoft Content Services Partner Program.

The **Preferred Partner** designation is reserved for Microsoft's Charter partners who have also completed deep training on the business value and technical delivery of solution for knowledge and insights.

Microsoft additionally recognized Netwoven as a Project Cortex, SharePoint Syntex and Microsoft's latest content services initiative launch partner.

As a launch partner of the Project Cortex, Netwoven helps organizations deploy the Microsoft Content Services solutions towards a knowledge management system, which integrates advanced AI and cognitive services with existing Microsoft Office 365, SharePoint, and Teams.

"We are excited to team up with Microsoft in their endeavor to gain insight through automating content processing and knowledge transformation while ensuring complete compliance. This is a recognition of the fact that Netwoven has been helping its customers in transforming legacy enterprise content management (ECM) platform for highly document-centric industries, to critical compliance-focused environment and towards collaborative organizational practices."

**--Niraj Tenany, President and CEO of Netwoven**
